AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection

The accompanying illustration gives you only a rough idea of

its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cookacoal range will do—except heat the room. Stove will do anything, from heating a kettle of water to cooking a course

dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and liceted arrival the bettern of not nondirected against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove orna-mental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

ORDERED TO STRIKE.

Serious complications were added last night to the strike of the United Brotherhood of Carpenters and Joiners at a meeting of Local No. 132, in Washington, when, after long deliberation, it was decided by a large majority vote to refuse to work with members of the Amalgamated Society of Carpenters and Joiners, members of which organization filled all the jobs struck by members of the brotherhood a month ago. The business agent of the brotherhood was instructed to issue orders to all members of the organization not to go to work Monday morning next on jobs on which members of the Amal-

gamated Society are employed. This action of the brotherhood means hat Monday morning at least 1,400 carpenters working on houses where Amalgamated men are emyloyed will refuse o return to work.

The Slaters' Union, of Washington ast night, at a special meeting, decided to demand a new wage scale of \$5 a day, he matter to be presented to the master slaters today, and if not agreed to, a strike will follow Monday. The slaters are now making \$24 a week. They enoy the Saturday half holiday.

The Russo-Chinese Bank, one of the nost powerful financial institutions in he far east, is short \$70,000 in negotiable bonds, which disappeared from its branch office in New York sometime last week, and there is no clue to the Lumber, Cement and Plaster.
